Phoenix, AZ 85029

Dear Paula and AZWP Grant Selection Committee:

The Arizona Association for Foster and Adoptive Parents (AZAFAP) is so thankful for the awarded mini grant opportunity that enabled us to help meet the needs of underserved and disadvantaged women and youth at risk in Arizona. AZAFAP appreciates being a recipient of your grant several times for our Family Connections programs, specifically Family Camp. Through your support, foster, kinship and adoptive families are able to share a weekend together to participate in family activities and develop supportive relationships that last year after year.

This year in 2021, 8 weekends of Family Camps were held, serving 96 families who expressed their appreciation about the camp experience:

It gives us a chance to reconnect as a family. We love to get together with other foster and adoptive families to talk, relax and just enjoy a weekend away.

It was nice to see the kids playing and communicating, with each other.

Gives us more affordable family outings and try new things budget normally wouldn't allow.

I am enclosing some pictures from the camps as they are too meaningful not to share with you.

Thank you,

A handwritten signature in black ink, appearing to read 'Nancy K. Williams', with a stylized flourish at the end.

Nancy K. Williams, M.Ed.
Executive Director
