'Faces of Hope' showcases the faces of the under-served women and children who have been assisted through grants that are awarded annually to qualified grass roots charities by the Arizona Women's Partnership

These small non-profits address critical issues dealing with domestic violence, child abuse and exploitation, youth programs, elder care, health awareness and medical exams, homelessness, recovery, animal therapy for special needs children, education, ESL, literacy, refugees, job training, foster and adoptive parenting, youth leadership, musical instruments for under-served youth, etc.

The Arizona Women's Partnership, an all volunteer philanthropic 501C(3) non-profit created by Paula Cullison, has awarded over $235,000 to over 45 nonprofits, many of which are multiple-year grant recipients.
